

JORDAN YOUNG GOLF

On behalf of Jordan Young Golf, I would like to thank you for your interest in learning more about your swing and improving your golf game. I look forward to the opportunity to work with you and enjoy this great game. Our goal is to bring clarity to your swing, your performance state, and self-awareness. As a result, you as a student will become better prepared with tools to lower your score. Ultimately, this makes the game more enjoyable, and more FUN! Our facility is one of the best in the Midwest and I am certain you will enjoy what we have to offer, no matter what time of the year your training may start.

For new students, junior or adult, we introduce the “On-Ramp” session. This is a 90-minute evaluation lesson that involves a variety of base line tests. It also allows the student to get familiar with the facility, the technology along with myself. An initial student profile is usually completed before the “On-Ramp”. This helps with future planning and building the proper program for your individual needs. The base line tests evaluate many areas. They include balance, tempo, tension, fitness, body movement patterns, coordination, equipment, swing mechanics, swing efficiency, foot pressure patterns, speed and swing characteristics. You may not even know you are being tested at times, so don’t be afraid!

We have several technologies used to test and record data and we use them carefully with each student. The use of these devices helps provide exact numbers and allows for instant biomechanical feedback from swing to swing. This enhances the development process for you!

- Your club delivery data and ball flight is tracked by FLIGHSCOPE and FORESIGHT
- Your foot pressure trace is measured with the V1 BODITRAK mat
- Your swing video is provided by V1 SPORTS
- Your golf content can be stored with the COACH NOW APP and your personal account
- Your performance levels can be tested using the Vision54 tools

Once your evaluation is complete, most students continue with a 3-lesson package and then move towards Junior Team Training (JTT) or Adult Team Training (ATT) program. These programs run all season long and come with additional benefits between April and November. JTT groups have a ratio of 6:1 or less while ATT is 4:1 or less. They are billed within the first week of each month, new for 2020. JTT and ATT each have 4 levels. Each has a slightly different time and fee structure. Most importantly, the frequency and duration of these training sessions provide the best environment to improve and lower your scores. So, let’s get started and schedule your “On-Ramp”! I will place you on a path to better golf.
